American Tradition Series / 2" thick / R-13.14

Timeless Beauty.

There are some things that never go out of style. They are timeless; they are classic. That is what Haas Door had in mind when we designed our American Tradition Series™ garage doors. Imagine the beauty of the 1800's carriage house, the tall rooflines, warm gaslights, and the elegant handcrafted wooden doors detailed with wrought iron hardware. At Haas Door we have taken all the elegance of the original wooden carriage house door and translated it into a beautifully wood grained embossed door. The heart of the American Tradition Series™ has 21st century materials. Combined with modern technology, you have a beautiful garage door that provides a stronger barrier to the elements than wood. There is beauty, versatility and quality in the products we produce at Haas Door.

942 in sandstone with white overlays, hinges and handles

American TRADITION SERIES

Enjoy the handcrafted quality and rich traditional carriage house style without the maintenance of wood. The American Tradition Series™ doors contain CFC free polyurethane insulation with a calculated R value of 13.45. They are available in five base colors: white, almond, gray, sandstone and sahara tan. Overlay boards are glued and pinned to the door and painted white as standard. They are also available painted in the five base colors, with an option to mix and match. (example: almond boards on a sandstone door).
